One Web Systems (Pty) Ltd is a leading South African web insurance systems provider that offers a range of shared and dedicated online facilitation services. Every User on 1Web entrusts us with their content and online business processes. With this in mind, it is our intention to ensure the stability of our system as well as to provide a sustainable business solution for Financial Services Providers.

Our Terms of Service, Acceptable Use Policy and Privacy Policy govern our relationship with Financial Services Providers. By utilising the system you agree to be bound by all our Terms and Conditions.

Our business is continually evolving and as such we reserve the right to change our Terms and Conditions when necessary. It is your responsibility to ensure that you are up to date with all of our T&Cs. We will, however, notify you of any significant changes we feel you need to be made aware of.
